

I used two tables to layout the display. The items are the following (in order):

1. Black Cup
2. Clear Cup
3. Cup Sleeve
4. Hat
5. Umbrella
6. T-shirt Purple
7. T-shirt Grey
8. Long Sleeved Black Thermal Shirt
9. Long Sleeved Black Shirt
10. Jersey
11. Black Shorts
12. Grey Backpack
13. Black Backpack

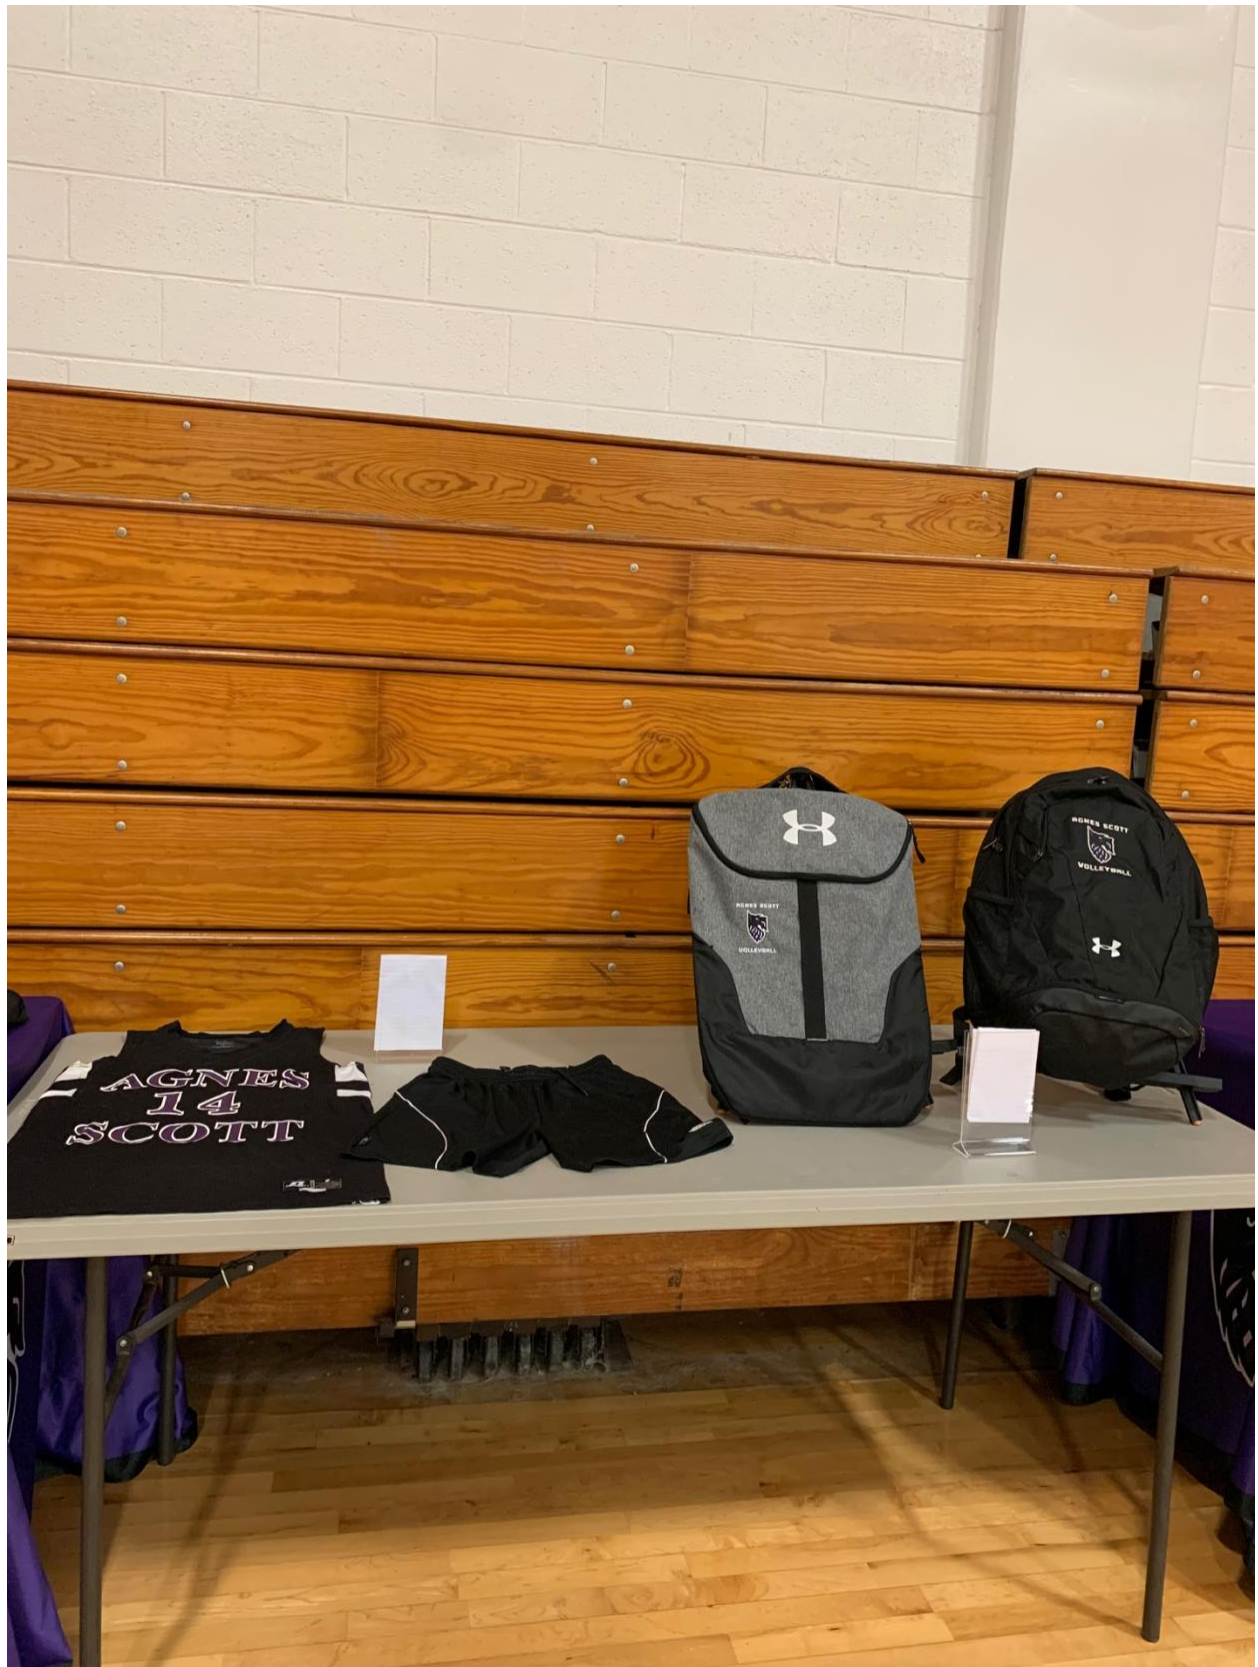

Here is a sample price label. The clear stands are 6 x 4 inches.

Both of the backpacks are on black stands. Make sure to put the grey backpack over the top of the easel so it doesn't fall.

The T-shirts are draped over plastic signs. See below to understand. I also attached a video to the email to show how I put the shirt on the stand.

These shirts are located in the cage behind the concession stand on the very bottom shelf (We are only selling the shirts & hats with volleyball on them). The sizes are separated, and the largest sizes are in the back and the smallest are in the front.

| Items in Cage Behind Concession Stand |       |          |

This is how I draped the shirt to make it stand up. I just put it over a plastic sign.

I put the cups on top of the upside-down aluminum cups and put two silver stands beside them to show the price.

I have little plastic signs that will show pricing.

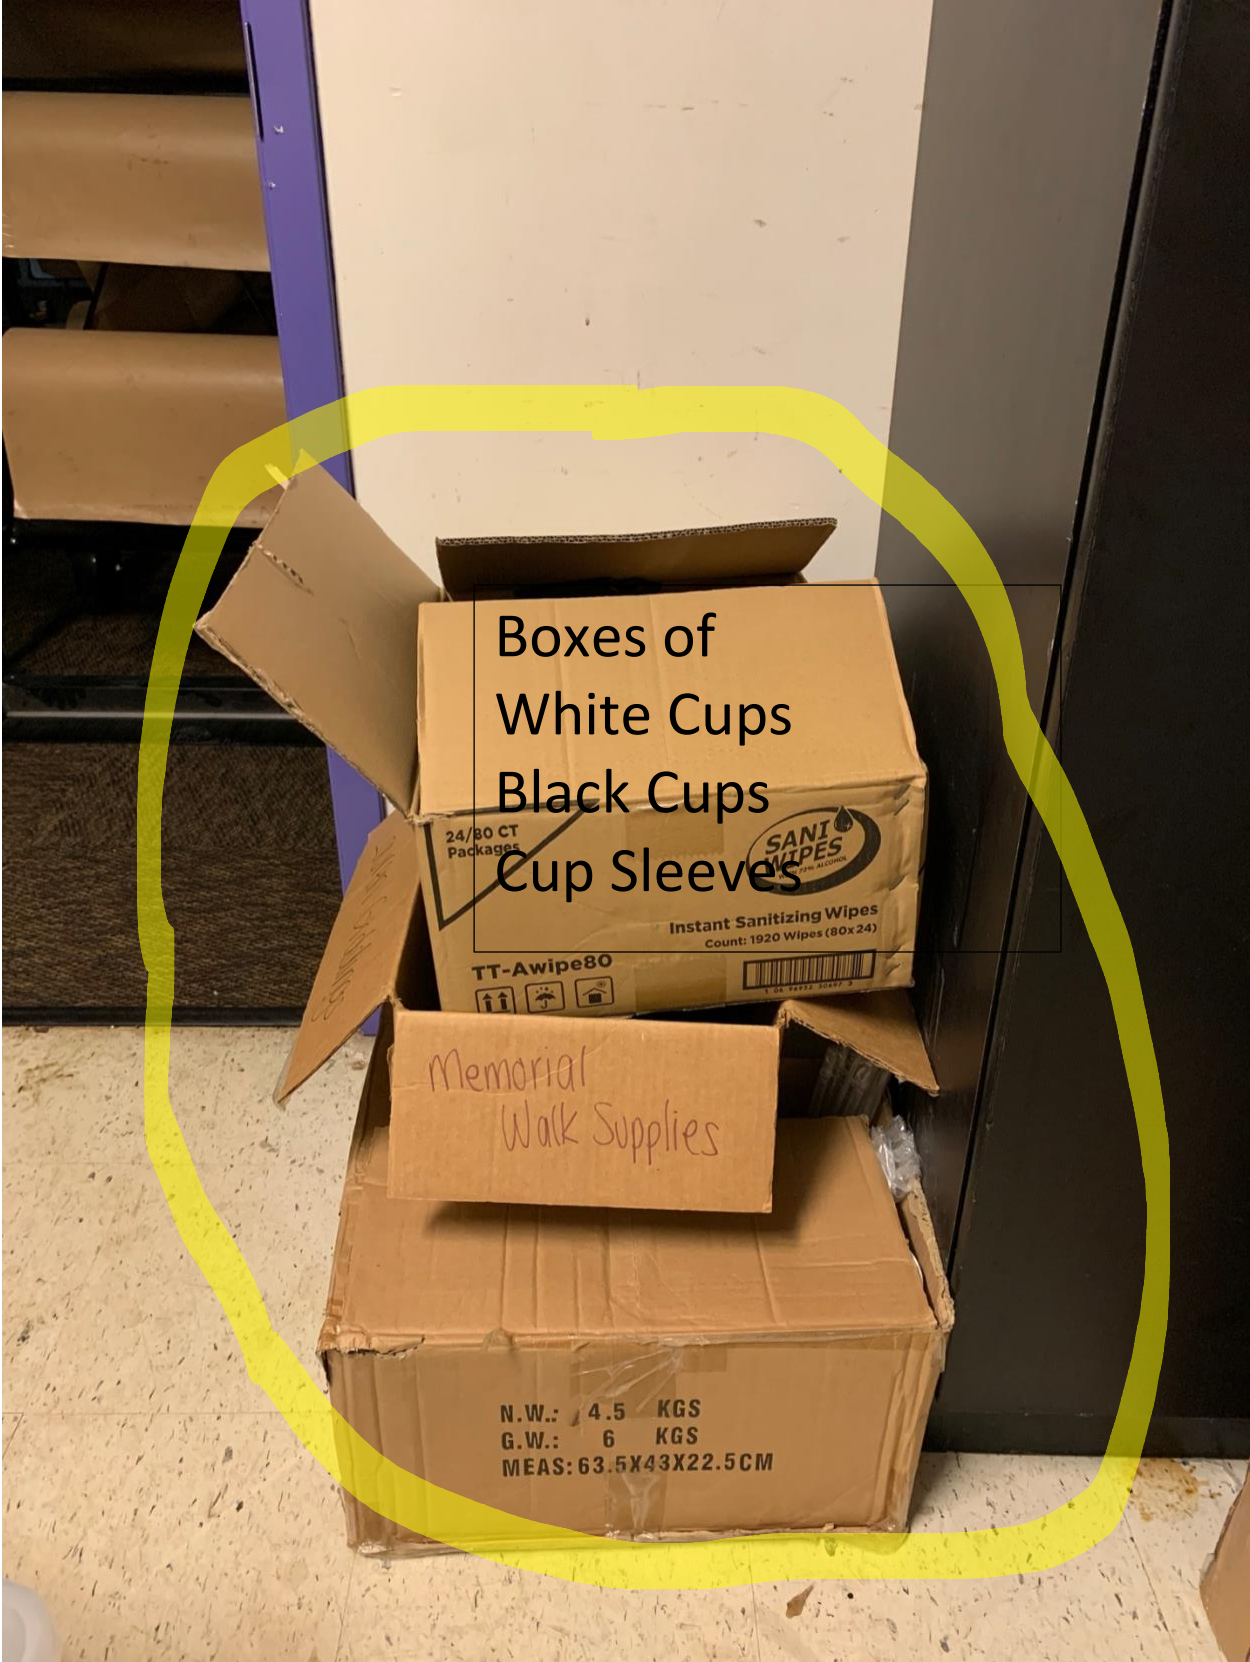

Everything is stored behind the concession stand. Each bin is labeled and separated for size. Each size has the quantity listed on the side to keep up with the amount sold. (You will see when you open the bins)

There are three stacks of boxed behind the concession stand that contain the items.

Right beside the door are the boxes with the cups in them (black & clear) and the cup sleeves.

| Item           | Quantity |
|----------------|----------|
| Black Cup      | 16       |
| Clear Cup      | 21       |
| Cup Sleeve     | 40       |
| Umbrellas      | 15       |
| Grey Backpack  | 2        |
| Black Backpack | 4        |

Each box is labeled. The boxes with the clothes have the quantities listed on the inside and are separated by size for easy retrieval.

Everything I have shown is in the concession stand room. It should be easy to find. If not, please text or call me. I will be on a plane most of the day but I have access to wifi so emails and text messages work.
